

Residential and light commercial compressor platforms

Fixed				Modulation	
Recip CR 	Small model KA 	5G scroll K5 	Enhanced 5G K6 	Two-stage ZPS  	Variable speed VS: K1/K2  
Applications					
Air conditioning service, refrigeration and export	13-14 SEER air conditioning	13 SEER air conditioning and heat pump	14+ SEER air conditioning and heating pump	15-16 SEER air conditioning systems and heat pumps	16+ SEER high efficiency air conditioners and heat pumps
Benefits					
Internal pressure protection	Internal pressure protection	Internal pressure protection	Internal pressure protection	Enhanced comfort and humidity control	Breakthrough efficiency and energy savings for air conditioners and heat pumps
Internal temperature protection	Quiet shutdown solution	Quiet shutdown solution	Quiet shutdown solution	Improved part-load and full-load performance	Revolutionary comfort through enhanced temperature and humidity control
Compressor is designed for both residential and light commercial markets	Quiet, reliable operation	Quiet, reliable operation	Quiet, reliable operation	Optimized for 15-16 SEER tax credits and Energy Star	Proven reliability enhanced with CoreSense technology
	Internal temperature protection	Optimized scroll and seal design for improved efficiency	Optimized scroll and seal design for improved efficiency	Available in 2-10 HP, single phase and three phase	
	Enables lowest applied cost for 13 and 14 SEER systems	Internal temperature protection	Internal temperature protection		
	Optimized scroll and seal design	Compressor is designed for both residential and light commercial markets	Compressor is designed for both residential and light commercial markets		
		Optimized scroll and seal design	Optimized scroll and seal design
